

Banner

More profiles? Faster candidates? StepStone makes it work with a banner.

On almost every page of our site we can publish your banner. Your banner is shown in a rotating order 7 days in a row. After your campaign you will receive detailed statistics.

StepStone can link every one of your banners to:

- ▶ your job listing on StepStone
- ▶ your list of jobs on StepStone
- ▶ your company presentation

Either you deliver your banner via email or a StepStone web designer can create your banner. Of course only banners approved by you will be published.

voorbeeld banner

The screenshot shows the StepStone website interface. At the top, there's a navigation menu with links like 'Job Search', 'My StepStone', 'Career Advice', 'For Recruiters', 'About StepStone', 'International', and 'Sitemap & Help'. Below the navigation, there are search options and a testimonial. A red box highlights a banner with the text 'I could make a difference'.

I could make a difference

It's not a job but a turning point:
