

# Skyscraper

You want more? The StepStone skyscraper makes your message work

We publish your skyscraper on our start page or on 3 result lists of our site. 7 days in a row. This vertical advertisement makes sure that your message is seen by the right candidates.

Every skyscraper links to one of the following:

- ▶ your job listing on StepStone
- ▶ your list of jobs on StepStone
- ▶ your company presentation

You provide the skyscraper by e-mail. Or we design your skyscraper based on your briefing.

## Example skyscraper

The screenshot shows the StepStone website interface. A red arrow points to a vertical advertisement (skyscraper) on the right side of the page. The advertisement is titled "NIEUW" (New) and "Engineering CHANNEL". It lists benefits: "Enkel relevante jobs", "Geselecteerde opleidingen", and "Interessante artikels en tips". The advertisement also features a globe icon.

The main content area shows a search results table for "IT en Telecommunicatie in Oost-Vlaanderen". The table has columns for "Bedrijf", "Jobtitel", and "Invoer/Update".

Bedrijf	Jobtitel	Invoer/Update
